

**TECHNICAL DATA SHEET****STRONG****Multipurpose degreaser****1. DESCRIPTION:**

is a compound of surfactants, salts of sequestering agents, synergistic agents and co-solvents in aqueous base.

The degreasing is particularly suitable for a dirty mineral grease (motor oil, cutting). It is used in general cleaning in the industry, but also as an all-purpose cleaner in the civil sector (stairs, warehouses, floors in general).

Its special characteristics are those of having a low-foam that allows the use of both manual and in floor scrubbers releasing a nice scent. In addition to being a specific product for the cleaning of the bottom, can also be used as a maintenance product preparing different dilutions, is not corrosive, does not attack the metals also those light alloy such as aluminum.

Its intended use is uncountable, it finds application in all areas, mechanical, industrial, civil, hospitals, catering, etc. ..

**2. DILUTION AND USE:**

- The product can be used with manual system or with floor cleaning machines.
- For manual washing is recommended dilution 0.2-1% in 10 liters of water.
- For machine washing is recommended dilution from 0.2-0.5% in 10 liters of water.
- For very soiled it is recommended to increase concentrations up to a maximum of 5%.
- To clean the glass or washable surfaces the maximum recommended dilution is 0.1%.
- The product does not require rinsing unless there is the presence of surfaces in contact with food.

**Attention is not recommended for use on waxed surfaces as this may affect the film of wax.**

**3. TECHNICAL DATA:**

PHYSICAL STATE: liquid

ODOR: flowery

ACTIVE SUBSTANCE: 27%

pH: 9 as it is

SPECIFIC GRAVITY: 1.05

FLAMMABILITY: no

**4. WARNINGS AND SAFETY:**

LABELLING: Risk Phrases unnecessary

- S36/37 PROTECTIVE CLOTHING AND GLOVES.

DPI: To minimize exposure, use adequate individual protection appropriate to the specific processing, such as gloves and overalls. If the product is sprayed is recommended a mask for organic vapors and glasses.

Do not eat, drink or smoke while handling wash hands thoroughly with soap and water before meals and after work shift.

This information corresponds to our actual knowledge. Nevertheless, as product use conditions are out of our control, we can't take responsibilities of incorrect use consequences. We recommend doing a previous test with the product, where it wants to be applied, to evaluate the results.
